Sydney, NSW | +61 449601568 | neupaneoscar143@gmail.com | LinkedIn.com/in/oscar-neupane

PROFESSIONAL SUMMARY

IT Support Specialist and recent Bachelor of Information Technology graduate with hands-on experience in desktop support, system administration, and IT infrastructure. Proficient in Windows systems, Active Directory, and troubleshooting. Seeking a graduate Desktop Support role in a dynamic organization where I can apply technical expertise and customer service skills.

TECHNICAL SKILLS

Desktop Support: Help desk troubleshooting, hardware/software installation, Active Directory management, user account provisioning, group policies, remote assistance, ticketing systems

System Administration: Windows Server, user profile management, system configuration, network troubleshooting, patch management, backup procedures

IT Tools: Active Directory, Remote Desktop, Windows Command Line, System Monitor, Device Manager, Group Policy Editor, antivirus configuration

Languages & Databases: SQL, HTML, CSS, JavaScript (ES6), Python (basic), MySQL queries and data management

Productivity Tools: Microsoft Office Suite, Excel (PivotTables, VLOOKUP), Power BI, Tableau

Operating Systems: Windows 10/11, Windows Server, command-line interfaces

PROFESSIONAL EXPERIENCE

IT Support Specialist Intern | UTS College, Sydney NSW

November 2025 – February 2026

- Provided IT support and technical assistance to UTS College staff and students
- Assisted with troubleshooting hardware and software issues in a college IT environment
- Gained practical experience in desktop support and user account management

Personal Care Worker | Thompson Healthcare, Australia

May 2024 – January 2025

- Delivered client-centered services while maintaining detailed records and documentation
- Developed strong communication and interpersonal skills in high-pressure environments
- Demonstrated problem-solving ability and attention to detail in daily operations

Customer Service Representative | Deshi Fusion, Nepal

March 2022 – April 2024

- Managed customer inquiries and resolved issues efficiently, building skills directly applicable to help desk support
- Developed strong customer communication skills in fast-paced environments

PROJECTS

Active Directory Home Lab Setup

Built a virtualized IT environment using VMware Workstation to deploy and manage Active Directory on Windows Server. Configured domain services, created users and groups, and applied Group Policy Objects (GPO) for centralized management. Simulated real-world IT administration tasks.

Sales Performance Dashboard — Power BI & SQL

- Imported and joined datasets from Excel and MySQL; built regional performance, profit margin, and customer trend visualisations
- Demonstrated end-to-end data pipeline skills: ingestion, cleaning, transformation, and visualisation

Web Development Projects — HTML / CSS / JavaScript

- Developed responsive web interfaces using HTML, CSS, and JavaScript, applying front-end best practices
- Used SQL back-ends to store and retrieve dynamic data, demonstrating full-stack awareness relevant to IT environments

SOFT SKILLS

Customer Communication, Problem-Solving & Troubleshooting, Technical Documentation, End-User Support, Cross-Team Collaboration, Attention to Detail, Time Management, Professional Communication

EDUCATION

Bachelor of Information Technology

Graduated: November 2025
